Product:

SWEDBOARD® Fibre Brown Nature is a paper-based rigid board that offers a fully recyclable alternative for demanding POP and in-store signage applications. The engineered dust free core gives the material excellent strength and stability yet with light weight. Widths up to 2.5 metres enables increased productivity, reduced waste and unprecedented design flexibility. All materials are FSC certified (FSC® C147499).

Applications:

Displays (POS/POP)
Signage | Lettering
Shop design | Shop window decoration
Interior design | Furniture
Partitions | Cladding
Exhibition design and construction
Short term promotional campaigns

TECHNICAL DATA SHEET

SWEDBOARD® FIBRE BROWN NATURE

Processing:

Solvent printing
Digital printing
Screen printing
Laminating
Cutting
Folding (V-groove)

Behaviour in external conditions:

- The material is not flame-retardant.
- The material is sensitive to moisture (only for indoor applications).

Make sure to always put a protection on top of each pallet to prevent bending.

Storage – Transport – Handling

- SWEDBOARD® Fibre boards must be stored flat and protected from moisture and cold.
- Before processing, the paperboards require 24 hours to acclimatise to the processing environment.
- In order to avoid soiling surfaces, clean white cotton gloves should be worn.

Availability

- Please see our delivery programme for details.
